# A GREAT CINEMATIC EXPERIENCE CAN CHANGE YOUR LIFE

When a powerful film is projected into a room full of people, hearts and minds collectively open, conversations are ignited, and community bonds are forged. We've seen it happen countless times.

With the pandemic having shuttered independent cinemas across the country for over a year, many are now fighting for survival.

Canadian communities need their independent cinemas to survive and thrive.

Hot Docs wants to help ensure that future generations can continue to have life-changing cinematic experiences. We invite you to Pay It Forward to independent cinemas across Canada.
